Pursuant to Rule 16 of the Federal Rules of Civil Procedure, the Court held a Case Management Conference on August 26, 2008. After consulting with the attorneys of record for the parties and being advised of the status of the case, and good cause appearing, IT IS HEREBY ORDERED:

1. **Motions to Amend.** Any motion to join other parties, to amend the pleadings, or to file additional pleadings shall be filed on or before January 26, 2009.

2. **Disclosure of Asserted Claims and Preliminary Infringement Contentions.** On or before September 9, 2008, Plaintiff shall serve on all parties a "Disclosure of Asserted

1 Claims and Preliminary Infringement Contentions." Separately for  
2 each opposing party, the "Disclosure of Asserted Claims and  
3 Preliminary Infringement Contentions" must contain the following  
4 information:

5 a. Each claim of each patent in the suit that is  
6 allegedly infringed by each opposing party;

7 b. Separately for each asserted claim, each accused  
8 apparatus, product, device, process, method, act, or other  
9 instrumentality ("Accused Instrumentality") of each opposing party  
10 of which the party is aware. This identification must be as  
11 specific as possible. Each product, device and apparatus must be  
12 identified by name or model number, if known. Each method or  
13 process must be identified by name, if known, or by any product,  
14 device, or apparatus which, when used, allegedly results in the  
15 practice of the claimed method or process;

16 c. A chart identifying specifically where each element  
17 of each asserted claim is found within each Accused  
18 Instrumentality, including for each element that the party contends  
19 is governed by 35 U.S.C. § 112(6), the identity of the  
20 structure(s), act(s), or material(s) in the Accused Instrumentality  
21 that performs the claimed function;

22 d. Whether each element of each asserted claim is  
23 claimed to be literally present or present under the doctrine of  
24 equivalents in the Accused Instrumentality;

25 e. For any patent that claims priority to an earlier  
26 application, the priority date to which each asserted claim  
27 allegedly is entitled; and  
28

1           f. If a party claiming patent infringement asserts that  
2 its own apparatus, product, device, process, method, act, or other  
3 instrumentality practices the claimed invention, the party must  
4 identify, separately for each asserted claim, each apparatus,  
5 product, device, process, method, act, or other instrumentality  
6 that incorporates or reflects that particular claim.

7           3. **Document Production Accompanying Disclosure.** With the  
8 "Disclosure of Asserted Claims and Preliminary Infringement  
9 Contentions," the party claiming patent infringement must produce  
10 to each opposing party, or make available for inspection and  
11 copying, the following documents in the possession, custody and/or  
12 control of that party:

13           a. Documents (e.g., contracts, purchase orders,  
14 invoices, advertisements, marketing materials, offer letters, beta  
15 site testing agreements, and third party or joint development  
16 agreements) sufficient to evidence each discussion with, disclosure  
17 to, or other manner of providing to a third party, or sale of or  
18 offer to sell, the claimed invention prior to the date of  
19 application for the patent in suit. A party's production of a  
20 document as required herein does not constitute an admission that  
21 the document evidences or is prior art under 35 U.S.C. §102;

22           b. All documents evidencing the conception, reduction  
23 to practice, design, and development of each claimed invention,  
24 which were created on or before the date of application for the  
25 patent in suit or the priority date identified pursuant to P.L.R.  
26 3.1(e), whichever is earlier; and

27           c. A copy of the file history for each patent in suit.  
28

1 The producing party must separately identify by production  
2 number which documents correspond to each category.

3 The party claiming patent infringement is required to use its  
4 best efforts to obtain the documents to make a timely disclosure if  
5 the documents identified above are not in the possession, custody  
6 and/or control of that party.

7 4. **Preliminary Invalidity Contentions.** On or before October  
8 9, 2008, Defendant(s) shall serve on all parties "Preliminary  
9 Invalidity Contentions," which must contain the following  
10 information:

11 a. The identity of each item of prior art that  
12 allegedly anticipates each asserted claim or renders it obvious.  
13 Each prior art patent must be identified by its number, country of  
14 origin, and date of issue. Each prior art publication must be  
15 identified by its title, date of publication, and where feasible,  
16 author and publisher. Prior art under 35 U.S.C. § 102(b) must be  
17 identified by specifying the item offered for sale or publicly used  
18 or known, the date the offer or use took place or the information  
19 became known, and the identity of the person or entity which made  
20 the use or which made and received the offer, or the person or  
21 entity which made the information known or to whom it was made  
22 known. Prior art under 35 U.S.C. § 102(f) must be identified by  
23 providing the name of the person(s) from whom and the circumstances  
24 under which the invention or any part of it was derived. Prior art  
25 under 35 U.S.C. § 102(g) must be identified by providing the  
26 identities of the person(s) or entities involved in and the  
27 circumstances surrounding making the invention before the patent  
28 applicant(s);

1           b. Whether each item of prior art anticipates each  
2 asserted claim or renders it obvious. If a combination of items of  
3 prior art makes a claim obvious, each combination and the  
4 motivation to combine the items, must be identified;

5           c. A chart identifying where specifically in each  
6 alleged item of prior art each element of each asserted claim is  
7 found, including for each element that the party contends is  
8 governed by 35 U.S.C. § 112(6), the identity of the structure(s),  
9 act(s), or material(s) in each item of prior art that performs the  
10 claimed function; and

11           d. Any grounds of invalidity based on indefiniteness  
12 under 35 U.S.C. § 112(1) of any of the asserted claims.

13           5. **Document Production Accompanying Preliminary Invalidity**  
14 **Contentions.** With the "Preliminary Invalidity Contentions," the  
15 party opposing a claim of patent infringement must produce or make  
16 available for inspection and copying:

17           a. Source code, specifications, schematics, flow  
18 charts, artwork, formulas, or other documentation sufficient to  
19 show the operation of any aspects or elements of any Accused  
20 Instrumentality identified by the patent claimant in the  
21 "Disclosure of Asserted Claims and Preliminary Infringement  
22 Contentions;"

23           b. A copy of each item of prior art identified in the  
24 Preliminary Invalidity Contentions, which does not appear in the  
25 file history of the patent(s) at issue. To the extent any item is  
26 not in English, an English translation of the portion(s) relied  
27 upon must be produced.  
28

1           6.    Exchange of Proposed Claim Constructions and Extrinsic  
2   Evidence.

3           a.    On or before October 23, 2008, the parties shall  
4 simultaneously exchange a preliminary proposed construction of each  
5 claim term, phrase, or clause which the parties have identified for  
6 claim construction purposes. Each "Preliminary Claim Construction"  
7 will also, for each element which any party contends is governed by  
8 35 U.S.C. § 112(6), identify the structure(s), act(s), or  
9 material(s) corresponding to that element.

10           b.   At the same time the parties exchange their  
11 respective "Preliminary Claim Constructions," they must also  
12 provide a preliminary identification of extrinsic evidence,  
13 including without limitation, dictionary definitions, citations to  
14 learned treatises and prior art, and testimony of percipient and  
15 expert witnesses they contend support their respective claim  
16 constructions. The parties must identify each item of extrinsic  
17 evidence by production number or produce a copy of any item not  
18 previously produced. With respect to any witness, percipient or  
19 expert, the parties must also provide a brief description of the  
20 substance of that witness' proposed testimony.

21           c.   On or before November 6, 2008, the parties shall  
22 simultaneously exchange "Responsive Claim Constructions"  
23 identifying whether the responding party agrees with the other  
24 party's proposed construction, or identify an alternate  
25 construction in the responding party's preliminary construction, or  
26 set forth the responding party's alternate construction.

27           d.   At the same time the parties exchange their  
28 respective "Responsive Claim Constructions," they must also provide

1 a preliminary identification of extrinsic evidence, including  
2 without limitation, dictionary definitions, citations to learned  
3 treatises and prior art, and testimony of percipient and expert  
4 witnesses they contend support any responsive claim constructions.  
5 The parties must identify each item of extrinsic evidence by  
6 production number or produce a copy of any item not previously  
7 produced. With respect to any witness, percipient or expert, the  
8 parties must also provide a brief description of the substance of  
9 that witness' proposed testimony.

10 e. The parties must thereafter meet and confer for the  
11 purposes of narrowing the issues and finalizing preparation of a  
12 Joint Claim Construction Chart, Joint Claim Construction Worksheet  
13 and Joint Hearing Statement.

14 7. **Joint Claim Construction Chart, Worksheet and Hearing**  
15 **Statement.** On or before November 20, 2008, the parties shall  
16 complete and file a Joint Claim Construction Chart, Joint Claim  
17 Construction Worksheet and Joint Hearing Statement.

18 a. The Joint Claim Construction Chart must have a  
19 column listing complete language of disputed claims with the  
20 disputed terms in bold type and separate columns for each party's  
21 proposed construction of each disputed term. Each party's proposed  
22 construction of each disputed claim term, phrase, or clause, must  
23 identify all references from the specification or prosecution  
24 history that support that construction and an identification of any  
25 extrinsic evidence known to the party on which it intends to rely  
26 either to support its proposed construction of the claim or to  
27 oppose any other party's proposed construction of the claim,  
28 including, but not limited to, as permitted by law, dictionary

1 definitions, citations to learned treatises and prior art, and  
2 testimony of percipient and expert witnesses.

3           b. The parties Joint Claim Construction Worksheet must  
4 be in the format set forth in Appendix A and include any proposed  
5 constructions to which the parties agree, as well as those in  
6 dispute. The parties must jointly submit the Joint Claim  
7 Construction Worksheet on computer disk in both Word and  
8 Wordperfect format or in any other format the Court may direct.

9           c. The Joint Hearing Statement must include:

10               1. The anticipated length of time necessary for  
11 the Claim Construction Hearing; and

12               2. Whether any party proposes to call one or more  
13 witnesses, including experts, at the Claim Construction Hearing,  
14 the identity of each witness, and for each expert, a summary of  
15 each opinion to be offered in sufficient detail to permit a  
16 meaningful deposition of that expert.

17           d. At the Court's discretion, within 5 calendar days of  
18 the submission of the Joint Claim Construction Chart, Joint Claim  
19 Construction Worksheet and Joint Hearing Statement, the Court will  
20 schedule and hold a status conference with the parties, in person  
21 or by telephone, to discuss the schedule, witnesses and any other  
22 matters regarding the Claim Construction Hearing.

23           8. **Completion of Claim Construction Discovery.** The parties  
24 shall complete all discovery, including any depositions of any  
25 witnesses, including experts, the parties intend to use in the  
26 Claim Construction Hearing by December 18, 2008. An expert witness  
27 identified in a party's Joint Hearing Statement may be deposed on  
28 claim construction issues. The identification of an expert in the

1 Joint Hearing Statement may be deemed good cause for a separate  
2 deposition on all substantive issues.

3 9. **Claim Construction Briefs.**

4 a. On or before January 5, 2009, the parties shall  
5 simultaneously file and serve opening briefs and any evidence  
6 supporting their claim construction.

7 b. On or before January 19, 2009, the parties shall  
8 simultaneously file and serve briefs responsive to the opposing  
9 party's opening brief and any evidence directly rebutting the  
10 supporting evidence contained in the opposing party's opening  
11 brief.

12 10. **Claim Construction Hearing.** On February 17, 2009, at  
13 9:00 a.m., subject to the convenience of the Court's calendar, the  
14 Honorable Dana M. Sabraw will conduct a Claim Construction Hearing,  
15 to the extent the Court believe a hearing is necessary for  
16 construction of the claims at issue.

17 11. **Final Contentions.** Each party's "Preliminary  
18 Infringement Contentions" and "Preliminary Invalidity Contentions"  
19 will be deemed to be that party's final contentions, except as set  
20 forth below.

21 a. If a party claiming patent infringement believes in  
22 good faith that the Court's Claim Construction Ruling so requires,  
23 not later than 30 days after service by the Court of its Claim  
24 Construction Ruling, that party may serve "Final Infringement  
25 Contentions" without leave of Court that amend its "Preliminary  
26 Infringement Contentions."

27 b. Not later than 50 days after service by the Court of  
28 its Claim Construction Ruling, each party opposing a claim of

1 patent infringement may serve "Final Invalidity Contentions"  
2 without leave of Court that amend its "Preliminary Invalidity  
3 Contentions" if: i) a party claiming patent infringement has  
4 served "Final Infringement Contentions," or ii) the party opposing  
5 a claim of patent infringement believes in good faith that the  
6 Court's Claim Construction Ruling so requires.

7 12. **Amendment to Contentions.** Amendment or modification of  
8 the Preliminary or Final Infringement Contentions or the  
9 Preliminary or Final Invalidity Contentions, other than as  
10 expressly permitted in the section above, may be made only by order  
11 of the Court, which will be entered only upon a showing of good  
12 cause.

13 13. **Expert Witnesses.** On or before April 17, 2009, all  
14 parties shall exchange a list of all expert witnesses expected to  
15 be called at trial. The list shall include the name, address, and  
16 phone number of the expert and a brief statement identifying the  
17 subject areas as to which the expert is expected to testify. The  
18 list shall also include the normal rates the expert charges for  
19 deposition and trial testimony. On or before May 8, 2009, any  
20 party may supplement its designation in response to any other  
21 party's designation so long as that party has not previously  
22 retained an expert to testify on that subject.

23 14. Each expert witness designated by a party shall prepare a  
24 written report to be provided to all other parties no later than  
25 June 5, 2009, containing the information required by Fed. R. Civ.  
26 P. 26(a)(2)(A) and (B). A written report is not required from a  
27 witness giving testimony as a percipient expert.  
28

1        Except as provided in paragraph 15, below, any party that  
2 fails to make these disclosures shall not, absent substantial  
3 justification, be permitted to use evidence or testimony not  
4 disclosed at any hearing or at the time of trial. In addition, the  
5 Court may impose sanctions as permitted by Fed. R. Civ. P. 37(c).

6        15. Any party, through any expert designated, shall in  
7 accordance with Fed. R. Civ. P. 26(a)(2)(C) and Fed. R. Civ. P.  
8 26(e), supplement any of its expert reports regarding evidence  
9 intended solely to contradict or rebut evidence on the same subject  
10 matter identified in an expert report submitted by another party.  
11 Supplemental reports are due on or before June 26, 2009.

12        16. All fact discovery shall be completed on or before May  
13 29, 2009. All expert discovery shall be completed on or before  
14 July 24, 2009.

15        "Completed" means that all discovery under Rules 30-36 of the  
16 Federal Rules of Civil Procedure must be initiated a sufficient  
17 period of time in advance of the cut-off date, so *that it may be*  
18 *completed* by the cut-off date, taking into account the times for  
19 service, notice, response, and any corresponding discovery motions,  
20 as set forth in the Federal Rules of Civil Procedure. All disputes  
21 concerning discovery shall be brought to the attention of the  
22 Magistrate Judge no later than thirty (30) days following the date  
23 upon which the event giving rise to the discovery dispute occurred.  
24 Counsel shall meet and confer pursuant to the requirements of Fed.  
25 R. Civ. P. 26 and Local Rule 26.1(a).

26        17. All motions, other than motions to amend or join parties,  
27 or motions in limine, shall be filed on or before August 21, 2009.

28

1 Motions will not be heard or calendared unless counsel for the  
2 moving party has obtained a motion hearing date from the law clerk  
3 of the judge who will hear the motion. Be advised that the parties  
4 must file their moving papers within three (3) days of receiving  
5 the motion hearing date from the Court. Be further advised that  
6 the period of time between the date you request a motion date and  
7 the hearing date may be up to six weeks. Please plan accordingly.  
8 For example, you may need to contact the judge's law clerk at least  
9 six weeks in advance of the motion cut-off to calendar the motion.  
10 Failure of counsel to timely request a motion date may result in  
11 the motion not being heard. Motions will not be heard on the above  
12 date unless you have obtained that date in advance from the judge's  
13 law clerk.

14 Briefs or memoranda in support of or in opposition to any  
15 pending motion shall not exceed twenty-five (25) pages in length  
16 without permission of the judge or magistrate judge who will hear  
17 the motion. No reply memorandum shall exceed ten (10) pages  
18 without leave of the judge or magistrate judge who will hear the  
19 motion.

20 18. Further settlement conferences shall be held at  
21 appropriate intervals during the course of the litigation in the  
22 chambers of Judge Ruben B. Brooks. A further settlement conference  
23 shall be held on January 22, 2009, at 2:00 p.m. A mandatory  
24 settlement conference date will be set at one of the scheduled  
25 settlement conferences.

26 All parties, claims adjusters for insured Defendants and non-  
27 lawyer representatives with complete authority to enter into a  
28 binding settlement, as well as the principal attorneys responsible

1 for the litigation, must be present and legally and factually  
2 prepared to discuss and resolve the case at the mandatory  
3 settlement conference and at all settlement conferences. Retained  
4 outside corporate counsel shall not appear on behalf of a  
5 corporation as the party representative who has the authority to  
6 negotiate and enter into a settlement. Failure to attend or obtain  
7 proper excuse will be considered grounds for sanctions.

8 **Confidential written settlement statements for the mandatory**  
9 **settlement conference shall be lodged directly in the chambers of**  
10 **Judge Brooks no later than five court days before the mandatory**  
11 **settlement conference.** The statements need not be filed with the  
12 Clerk of the Court or served on opposing counsel. The statements  
13 will not become part of the court file and will be returned at the  
14 end of the conference upon request. Written statements may be  
15 lodged with Judge Brooks either by mail or in person.

16 Any statement submitted should avoid arguing the case.  
17 Instead, the statement should include a neutral factual statement  
18 of the case, identify controlling legal issues, and concisely set  
19 out issues of liability and damages, including any settlement  
20 demands and offers to date and address special and general damages  
21 where applicable.

22 If appropriate, the Court will consider the use of other  
23 alternative dispute resolution techniques.

24 19. Counsel shall serve on each other and file with the  
25 Clerk of the Court their memoranda of contentions of fact and law  
26 in compliance with Local Rule 16.1(f)(2) on or before December 3,  
27 2009. On or before this date, all parties or their counsel shall  
28

1 also fully comply with the pretrial disclosure requirements of rule  
2 26(a)(3) of the Federal Rules of Civil Procedure.

3 20. Counsel shall confer and take the action required by  
4 Local Rule 16.1(f)(4) on or before December 8, 2009. A personal  
5 meeting between an incarcerated Plaintiff, acting in pro per, and  
6 defense counsel is not required.

7 At this meeting, counsel shall discuss and attempt to enter  
8 into stipulations and agreements resulting in simplification of the  
9 triable issues. Counsel shall exchange copies and/or display all  
10 exhibits other than those to be used for impeachment, lists of  
11 witnesses and their addresses including experts who will be called  
12 to testify and written contentions of applicable facts and law.  
13 The exhibits shall be prepared in accordance with Local Rule  
14 16.1(f)(2)(c). Counsel shall cooperate in the preparation of the  
15 proposed final pretrial conference order.

16 21. The proposed final pretrial conference order, including  
17 objections to any party's Fed. R. Civ. P. 26(a)(3) pretrial  
18 disclosures, shall be prepared, served and lodged with the Clerk of  
19 the Court on or before December 11, 2009, and shall be in the form  
20 prescribed in and in compliance with Local Rule 16.1(f)(6).  
21 Counsel shall also bring a court copy of the pretrial order to the  
22 pretrial conference.

23 22. The final pretrial conference shall be held before the  
24 Honorable Dana M. Sabraw on December 18, 2009, at 10:30 a.m. Trial  
25 shall begin on January 19, 2009, at 9:00 a.m.

26 23. The dates and times set forth herein will not be  
27 modified except for good cause shown.

28

1           24. Plaintiff's(s') counsel shall serve a copy of this order  
2 on all parties that enter this case hereafter.

3           IT IS SO ORDERED.
